UPRIGHT OR SUSPENDED ALWAYS A HIGHLIGHT

Vintage Edition 1906 is an authentic, versatile and uncomplicated union of retro design and modern technology. The historically inspired shapes of the lamps and luminaires are real design highlights, combined with modern, efficient LED lighting technology.

Impress your customers now with a wide range of new stylish luminaires, ideal as decorative centerpieces in any home. The new Sticks – floor luminaires in the “Décor” product category – create a special effect thanks to their high-quality look and feel and modern minimalist style, particularly with Big Magnetic Filament lamps, for example. Individual lighting scenarios can be controlled in combination with decorative light sources by means of an integrated footswitch.

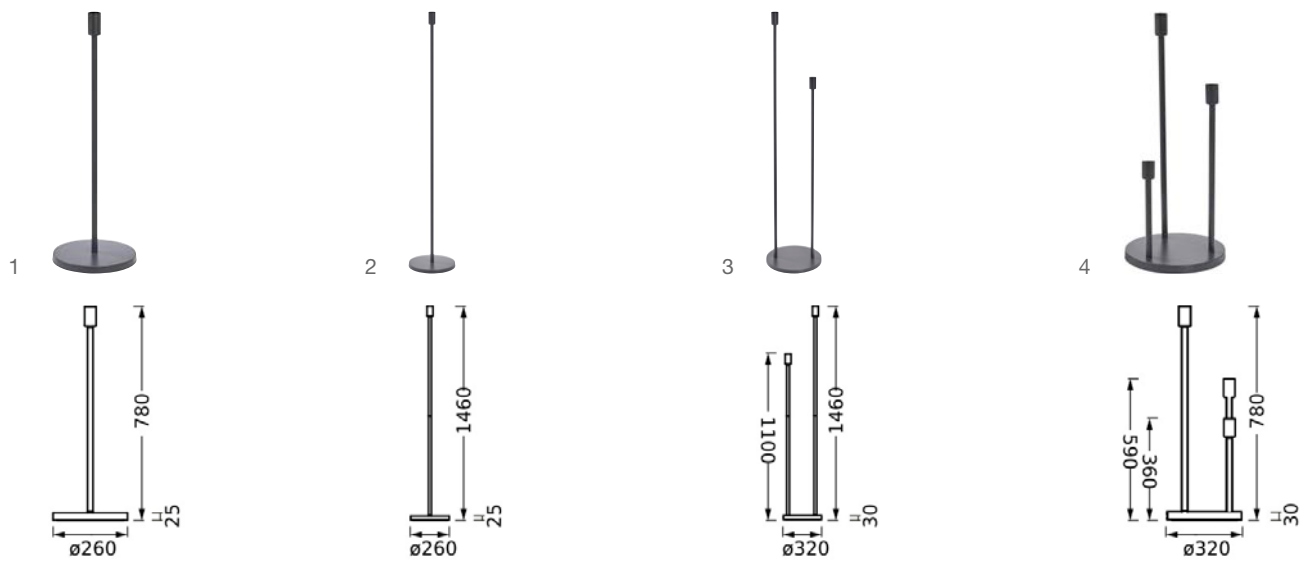

The new versions of the PenduLum pendant lamps can also be combined, grouped or bundled with Vintage Edition 1906 lamps, or simply installed as they are. Always highly decorative eye-catchers ... see for yourself.
