LEDVANCE
POWER THROUGH LIGHT

A STRONG PARTNER IN
THE LIGHTING INDUSTRY

LEDVANCE is a prominent player in the lighting industry, known for its innovative lighting products and smart, interconnected lighting solutions. Drawing from our comprehensive understanding of the general illumination market, current technologies, and evolving customer demands, we are committed to meeting the specific needs of both direct and indirect customers.

As a reliable local partner, we take an active role in supporting your efforts to impress customers with high-quality, long-lasting lighting concepts. Our aim is to help boost your lighting sales by offering attractive, user-friendly, and intelligent products.

Together, we can collaboratively shape the future of light – with agility, courage, speed, and flexibility. Join us on this journey as we pave the way towards a brighter tomorrow.

OUR STRENGTHS ARE
YOUR ADVANTAGE

COOPERATIVE
As a dedicated and collaborative partner, LEDVANCE boasts a vast, worldwide sales team and over a century of experience, ensuring we stand by your side at all times.

VERSATILE
Modern, smart, decorative, functional, robust and practical – our extensive portfolio meets customer requirements in all categories and virtually every area of application.

SALES-BOOSTING
Attract attention, encourage purchases. We offer targeted support for your sales with creative, pre-tested marketing concepts.

CARING
We are committed to contributing to a greener planet by reducing CO_2 emissions and waste through sustainable products, solutions and processes. We empower our customers to use light more efficiently to save energy and reduce their environmental footprint.

UNIQUE
Fresh, dynamic, high-quality and bold – we know at an early stage what interests customers and where lighting trends are heading. LEDVANCE is unmistakably LEDVANCE.

INNOVATION MEETS TRADITION
We embody progress and the passion to shape the future of lighting actively. By blending our courage to explore new paths with our experience from more than 100 years of lighting expertise, we lead the way forward.
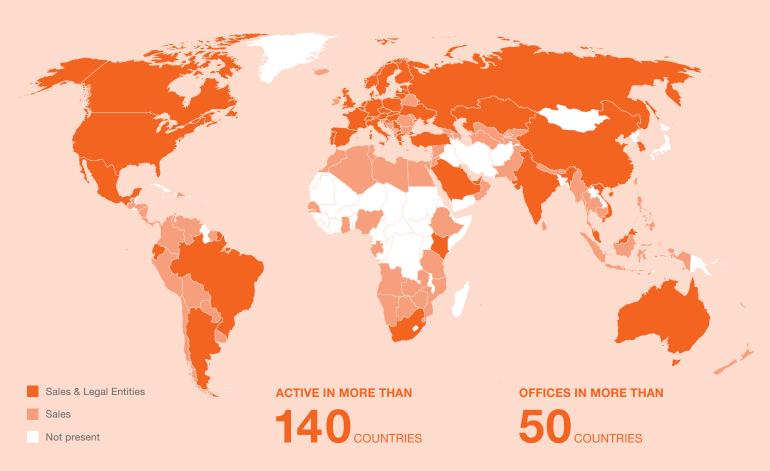

ALL IN ONE
At LEDVANCE, we've got everything you need from a single source – LED luminaires, lamps, and Smart Home products. We offer you a wide range of innovative and market-driven solutions, setting new trends along the way.

FIRST-CHOICE PARTNER
As the perfect strategic ally, we offer an extensive portfolio, a robust sales network, and unparalleled global market access to fulfill all your requirements.

SPOTLIGHTS

Step into the world of LEDVANCE spotlights, where advanced lighting meets sleek design for unmatched versatility. Our collection, offering a mix of socketed spotlights and spots with LED modules, brings ideal lighting solutions to any space.

Crafted for those who value a blend of style and functionality, these spotlights are a sustainable choice, enhancing the aesthetics of your environment with ease. Each spotlight is designed to integrate seamlessly into your decor, providing targeted illumination or a soft ambient glow as needed.

Built for durability and efficiency, our spotlights are flexible for various indoor settings and come with an IP20 rating for safety. Offering an energy-efficient lighting solution without compromising on elegance, these lights are the ideal choice for functional chic in lighting design.

LED SPOT PEAR

Let every corner of your home shine with our diverse range of spotlights, tailored in size and color for a personalized lighting ambiance.

— Pleasant light: The ceiling-mounted spotlight provides warm white directional light, creating a cozy and welcoming atmosphere.
— Wide choice and sustainable: Comes with a flexible GU10 head, offering easy lamp replacement and promoting sustainable use.
— Long life: Designed for longevity, these ceiling-mounted spotlights can last up to 30,000 hours, making them an energy-efficient choice.
— Practical: Installation is straightforward and quick, with all required accessories provided for setup and connection.
— IP20 protection: Optimal for indoor use in dry areas like living rooms, dining rooms, studies, and playrooms, safeguarding against contact with live parts, not designed for damp conditions.

TRACKLIGHTS

Illuminate and personalize your space with LEDVANCE tracklights, an innovative rail system offering unparalleled flexibility for unique style expressions. Our tracklights offer options with pre-integrated SMART+ WIFI LED modules, allowing effortless control via remote, app, or voice commands. Additionally, we provide versions designed for customization with GU10 reflector lamps, ensuring endless possibilities to adapt your lighting to evolving designs and functional needs.

Directional track heads let you control your room's ambiance, highlighting areas that matter most. Their sleek, modern designs enhance any interior, transforming spaces with light. With IP20 protection, they're ideal for any dry indoor environment, merging elegance with safety.

Embrace the modular versatility of LEDVANCE tracklights, designed to do more than illuminate— they enhance the ambiance of living or working spaces, merging art with function for an enriching environment.

TRACK SYSTEM WITH LED SPOTS
FLEXIBLE, SIMPLE AND FREELY COMBINABLE!

— Multifaceted ways to combine a track system and spotlights
— Alternative to tracks: a round base for individual spots
— Huge selection of continuously slidable and alignable spots
— Base elements available in black and white
— Spots with a pre-integrated SMART$^+$ WIFI LED module available along with versions without a light source that can be easily equipped with GU10 reflector lamps

THE ENTIRE SYSTEM
EASY TO INSTALL – SIMPLE TO COMBINE!

1 CHOOSE THE BASE ELEMENT:
A RAIL (1M) OR A ROUND BASE, IN BLACK OR WHITE

2 SELECT
THE POWER POINT

A power supply for an interconnected track system.
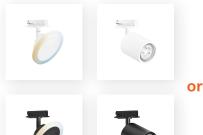

A supply connector is included with the rail.

3 SELECT THE CONNECTION ELEMENT
TO EXPAND THE SYSTEM
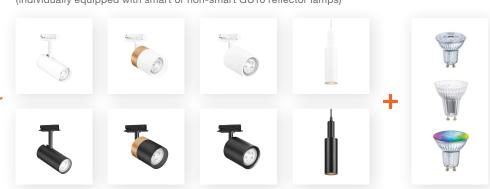

4 CHOOSE THE
SPOT(S)

SMART+ WIFI spot(s)
incl. integrated LED module
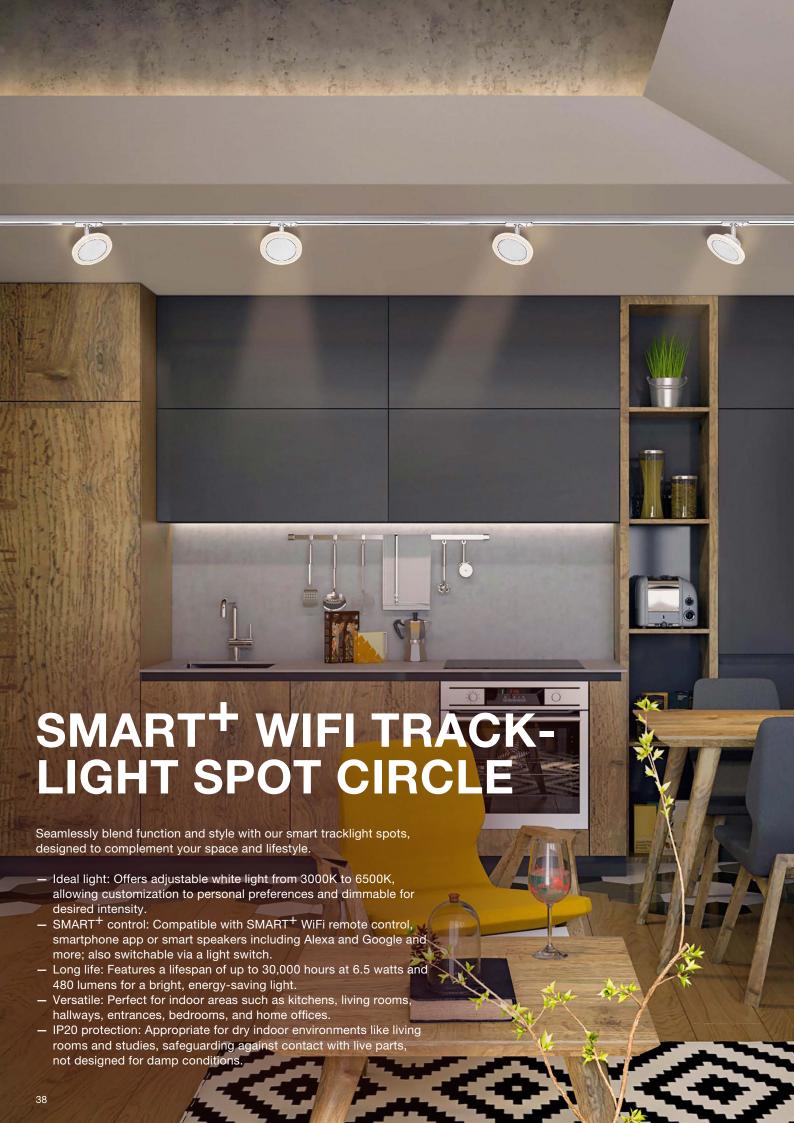

Spot(s) without a light source
(individually equipped with smart or non-smart GU10 reflector lamps)

OUR VIDEO TUTORIAL

SMART⁺ WIFI TRACK-LIGHT SPOT CIRCLE

Seamlessly blend function and style with our smart tracklight spots, designed to complement your space and lifestyle.

— Ideal light: Offers adjustable white light from 3000K to 6500K, allowing customization to personal preferences and dimmable for desired intensity.
— SMART⁺ control: Compatible with SMART⁺ WiFi remote control, smartphone app or smart speakers including Alexa and Google and more; also switchable via a light switch.
— Long life: Features a lifespan of up to 30,000 hours at 6.5 watts and 480 lumens for a bright, energy-saving light.
— Versatile: Perfect for indoor areas such as kitchens, living rooms, hallways, entrances, bedrooms, and home offices.
— IP20 protection: Appropriate for dry indoor environments like living rooms and studies, safeguarding against contact with live parts, not designed for damp conditions.

TRACKLIGHT ACCESSORIES

The perfect solution for every room design, our LEDVANCE tracklight accessories provides a trio of components for a fully customizable track system experience.

— Flexible use: The base station and power rail provide the foundation for a modular lighting system, accommodating individual luminaire heads or extended rail setups.
— Varied and easy installation: Each product in the series, from the single head base station to the power rail and optional pendant accessories, is engineered for effortless installation, enabling versatile lighting arrangements.
— Stylish look: The series showcases a modern, loft-like design across all components, available in black or white, with the base station and pendant accessories made of plastic, and the power rail constructed from metal for added durability.
— Versatile: Ideal for various indoor applications like kitchens, living rooms, hallways, and office spaces.
— No splash water protection: Designed for dry indoor environments and not intended for damp locations.

TRANSFORMS EVERY SPACE, YOUR WAY
LIGHT THAT SELLS ITSELF

Ready-made packages offer a variety of sophisticated spotlight and tracklight lighting solutions for your customers. These product sets are carefully curated to increase the attractiveness of your products significantly. The range provides versatile and personalized lighting options to meet diverse aesthetic and functional needs. This is an affordable, high-quality offer for unique and personalized solutions for your customers.

ATTRACTIVE SHELF DESIGN

A shelf full of ready-made incentives. See a variety of well-engineered and customized spotlight and tracklight packages. Our shelves are eye-catching and perfectly designed to meet the needs of target audiences.

Product-specific details and features are presented in a clear and intuitive style to make the broad variety of our spotlight and tracklight portfolio intuitively understandable for your customers.

ISLAND DISPLAYS

Visually appealing and accessible from all angles.

Our freestanding island displays provide a complete product experience, with well-organized presentations, illuminated to effectively showcase the products.

COMPACT DISPLAYS

Appealing, informative and space efficient.

Tailored to your needs, our eye-catching displays provide a high-quality product presentation.

SYMBOLS IN THE TABLES

Fig. no.	Protection class
Housing color	Number of switching cycles
Housing material	Number of lamps included
Average lifetime in hours	Length l in mm
Wattage in W	Width w in mm
Total luminous flux of the luminaire taking into account the diffuser	Height h in mm
Total luminous flux of the contained light sources without the diffuser	Diameter d in mm
Color temperature in kelvin	Standard pack in pcs.
Color rendering index	LED module included
Ambient temperature range in degrees Celsius	Type of connection
Beam angle in degrees °	Accessories included
